Salesforce Marketing Cloud Consultant | Technical Project Manager

Copenhagen, Denmark | sviatoslav.foshchii@gmail.com | +45 71 63 63 96 | linkedin.com/in/sviatoslav-foshchii | github.com/Foshchii | foshchii.github.io

PROFILE

Salesforce Marketing Cloud Consultant and Technical Project Manager with 6+ years across martech, CRM operations, e-commerce and digital growth. Recent work includes Salesforce Marketing Cloud operations for a worldwide brand and a significant Adobe Campaign Standard to SFMC migration. Strong at turning ambiguous requirements into plans, protecting business-as-usual marketing work during change, and creating documentation that technical and business teams can use.

IMPACT SNAPSHOT

25%	20%	15%	5
delivery efficiency gain	team productivity improvement	operating cost reduction	active Salesforce certifications

EXPERIENCE

VML MAP

Application Consultant, Jun 2026 - Present | Technical Project Manager, Dec 2022 - Jun 2026 | Copenhagen

- Maintain and enhance Salesforce Marketing Cloud operations for a worldwide brand, contributing to a 25% increase in delivery efficiency.
- Managed a significant Adobe Campaign Standard to Salesforce Marketing Cloud migration while preserving business-as-usual marketing operations.
- Built delivery plans, status routines, QA checkpoints and handover documentation across technical development teams.
- Facilitated Scrum ceremonies, dependency tracking and blocker removal for large projects, improving team productivity by up to 20%.
- Coordinated resource allocation with stakeholders and delivery leads, reducing operating costs by up to 15%.

Optimozg

Digital Project Manager | Jan 2020 - Dec 2022 | Ukraine

- Managed digital marketing and technology projects across PPC, e-commerce and product-growth workstreams.
- Owned campaign roadmaps, workload planning, stakeholder coordination and delivery routines across client accounts.
- Supported MOSH growth roadmap and A/B testing work that contributed to a 20% improvement in user experience.
- Contributed to a 10% annual revenue increase for Gulvdeal through e-commerce project delivery and marketing strategy.
- Mentored paid media colleagues and helped integrate them into structured delivery teams.

SELECTED PROOF

- Adobe Campaign to SFMC migration: led migration delivery while keeping campaign operations running and preparing teams for the new SFMC operating model.
- SFMC operations improvement: supported delivery routines, documentation and technical coordination for Salesforce Marketing Cloud operations.
- Keto Scanner: built a live AI-assisted web product from concept and data model to interface and deployment.
